APM Branch - 2022 to the future

APM London Branch continues with its achievements over the past 12 months by providing professional virtual events to support the local (and global) project management professional. by providing key knowledge webinars, virtual and face to face meet ups to foster networking opportunities.

Amongst the committee members we divide ourselves up to support local HEIs (Higher Education Institutes), Corporate Initiatives, Ongoing CPD (continuing professional development) Events and focus on the S in Small Medium Enterprises.

We have set ourselves 1 continuous goal of achieving recognition/post nominals (ChPP and FAPM). 2 big challenges this year, to run a large speed dating event for job opportunities and a shared event with Scotland aimed at moving the needle around EDI (equality, diversity and inclusion).
