APM Branch - 2022 to the future

APM Wessex Branch has had another great year with providing knowledge and learning opportunities to their local project community.

Another successful APM Wessex Branch Project Management Challenge has been completed with teams from academia and industry undertaking a challenging project to be crowned the winners (whilst learning key project management skills along the way)

Alongside virtual CPD events the APM Wessex Branch has also been bringing together project professions in Jersey and Guernsey to engage the local community, share information on local projects and APM.

If you would like to know more about the APM Wessex Branch please ask.
